Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Above Seasonal Temperatures Predicted for this week

- NWS is beginning to project very warm weather beginning tomorrow through Thursday in southern California. In northern and central California the warm temperatures will begin Wednesday and continue through Thursday.
- Temperatures are projected to be 15 to 20 degrees warmer than normal for this time of year and near record to record temperatures are expected at some locations. In addition, Santa Ana winds are projected for southern California through this period of time.
- Per CUEA, California ISO has indicated that there will be no impact to the statewide energy grid due to the projected increase in temperatures this week.

SITUATION SUMMARY (Cont.)

Seasonal Readiness – Phase 1 of the State Contingency Plan for Excessive Heat Emergency

- With the approach of summer, though the state remains in the Phase I Alert condition of Seasonal Readiness, as outlined in the State Contingency Plan for Excessive Heat Emergency. State Agencies/Departments are advised to review existing plans, procedures and resources, to facilitate preparedness for and response to possible excessive heat events, and closely monitor the situation and inform Cal OES of any heat related issues or concerns.
- The California State Warning Center continues to monitor the weather statewide for heat or fire weather of concern and state power grid issues, and Cal OES Regions will remain in contact with Operational Areas (Counties) to monitor heat events which may impact local communities, facilities or agencies.

SITUATION SUMMARY (Cont.)

Small Plane Crash, San Pablo Bay, Contra Costa County (Update/Final)

- On April 27, 2014, at approximately 1545 hours, a single engine Cessna 210 and a single engine Hawker Sea Fury TMK 20 collided in midair near the Richmond-San Rafael Bridge. The Cessna crashed into the waters of San Pablo Bay and the pilot of the Hawker Sea Fury was able to land safely at Eagle's Nest Airport in Lone, Amador County, at approximately 1640 hours. There was aircraft damage but the Hawker pilot was uninjured. Each aircraft had one person onboard.
- Update 04/28/14: Per USCG, the aircraft has been located, but due to saturation of the search area and exceeding survival time, all searches have been suspended. This is now a recovery mission, and a commercial salvor has been contracted for salvage of the wreckage.
- **This will be the final report on this incident unless circumstances warrant.**

SITUATION SUMMARY (Cont.)

FEMA US&R Activation Order 2014-0022a, Arkansas Tornado

Cal OES Mission: 2014-FIRE-2823

- On 04/27/14 at 2203 hours, the Warning Center received FEMA US&R Activation Orders for California US&R Task Force Members from the White Incident Support Team (IST) in response to the Arkansas Tornado Incident. The California State Warning Center provided the Activation Order to the respective Task Force dispatch centers and the Cal OES Fire Duty Officer. In addition, amended orders were received at 2323 hours activating an additional two personnel.
- White IST Members from the following US&R Task Forces have been activated:
 - CA-TF 1, L.A. City Fire – 1 personnel
 - CA-TF 5, Orange County Fire – 1 personnel
 - CA-TF 6, Riverside City Fire – 1 personnel
 - CA-TF 7, Sacramento City Fire – 2 personnel
 - CA-TF 8, San Diego Fire – 4 personnel

Major construction U.S. Highway 50, Sacramento, Sacramento County (No change)

- Major construction began April 22, 2014 on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets. The Caltrans Traffic Management Center (TMC) reports no issues to date with the project or the traffic in the area.
- Please see “Fix 50” slides for additional information, including [alternate routes](#).
- The CSWC will continue to monitor and provide situation awareness reports directly from CSWC.

SITUATION SUMMARY (Cont.)

Significant Weather Watches / Warnings

- High Wind Warning in effect from 0400 Tuesday through 1700 Thursday for areas in Orange, Riverside, San Bernardino, and San Diego Counties.
- Red Flag Warning in effect from 0800 to 2000 Tuesday for the lower Colorado River Valley in San Bernardino County.

“Fix 50” Information

Major construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction is underway on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

2014 Project Dates

Roadway Construction Timing:

Eastbound Highway 50: April 22 – May 21

Phase 1: April 22 - May 6

- During Eastbound, Phase 1 (April 22-May 6), the 11th St. on-ramp will be closed.
- At least 3 lanes will be open
- Westbound traffic will be fully open as normal with no impact.

Phase 2: May 7 - May 21

- During Eastbound, Phase 2 (May 7 – 21), the following ramps will be closed: - 16th Street On-Ramp - Connector ramp from eastbound Highway 50 to southbound Highway 99 - Connector ramp from eastbound Highway 50 to eastbound Business 80
- At least 3 lanes will be open
- Westbound traffic will be fully open as normal with no impact.

“Fix 50” Information (Cont.)

Major construction U.S. Highway 50, Sacramento, Sacramento County

Westbound Highway 50: May 27 – June 25

Phase 1: May 27 - Jun 10

- At least 3 lanes will be open
- Eastbound traffic will be fully open as normal with no impact

Phase 2: June 11 - June 25

- During Westbound, Phase 2 (June 11-June 25) the following ramps will be closed: - 16th Street Off-Ramp - Connector ramp from westbound Business 80 to westbound Highway 50
- At least 3 lanes will be open
- Eastbound traffic will be fully open as normal with no impact

“Fix 50” Information (Cont.)

Major construction U.S. Highway 50, Sacramento, Sacramento County

Alternate Routes:

During work in the EASTBOUND direction (April 22 – May 21):

If traveling from Elk Grove/Laguna to Rancho Cordova/Folsom:

- Use Freeway-99 North to US-50 East
- Do **not** use I-5 North to US-50 East

If traveling from Davis to Downtown Sacramento:

- Use I-80 to I-5 South, to Richards Blvd or “J” Street off ramps
- Do **not** take I-80 to US-50 East

If traveling from Natomas/Davis to Rancho Cordova/Folsom:

- Use I-80 East to Watt Ave exit-South to Business-80 on-ramp to US-50 East.
- Do **not** use I-5 to US-50 East.

If traveling through the project area during Phase 2 (Closed connector ramps to Business-80 and Freeway-99):

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

“Fix 50” Information (Cont.)

Major construction U.S. Highway 50, Sacramento, Sacramento County

Alternate Routes: (Cont.)

During work in the WESTBOUND direction (May 27 – June 25):

If traveling from Rancho Cordova/Folsom to Downtown Sacramento:

- Use US-50 West to Business-80 North to “N” or “H” Street off-ramps
- Do not stay on US-50 West after Business-80 interchange

If traveling from Elk Grove/Galt to Downtown Sacramento:

- Use I-5 North to “J” Street off ramp
- Do not take Freeway-99 North to US-50 Westbound

If traveling from Rancho Cordova/Folsom to Natomas/Davis:

- Use US-50 West to Business-80 North to Watt Ave North, to I-80 West.
- Do not use US-50 West to Davis or US-50 West to I-5 North to Natomas.

If traveling through the project area during Phase 2 (Closed connector ramps from Business-80 to US-50 West):

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

***Motorists traveling to the Lake Tahoe area can avoid the project area congestion by taking I-80 E

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

High pressure will build over the area today bringing a warming and drying trend through mid-week.

San Francisco Weather:

High pressure will build over California this week and bring about much warmer and drier conditions especially for Tuesday and Wednesday. Very warm weather will continue into Thursday and then cooling is expected late in the week as high pressure breaks down and onshore flow returns.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Significant warming is expected this week as temperatures warm to around 15 degrees above normal by the middle of the week in response to strong high pressure building over the area.

Hanford Weather:

High pressure will begin building over the region today and bring mostly clear skies and a day to day warming trend for the duration of the week.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A large high pressure system will continue into Friday with gusty offshore winds into midweek. The temperatures will reach peak heat on Thursday before declining to near normal on Sunday.

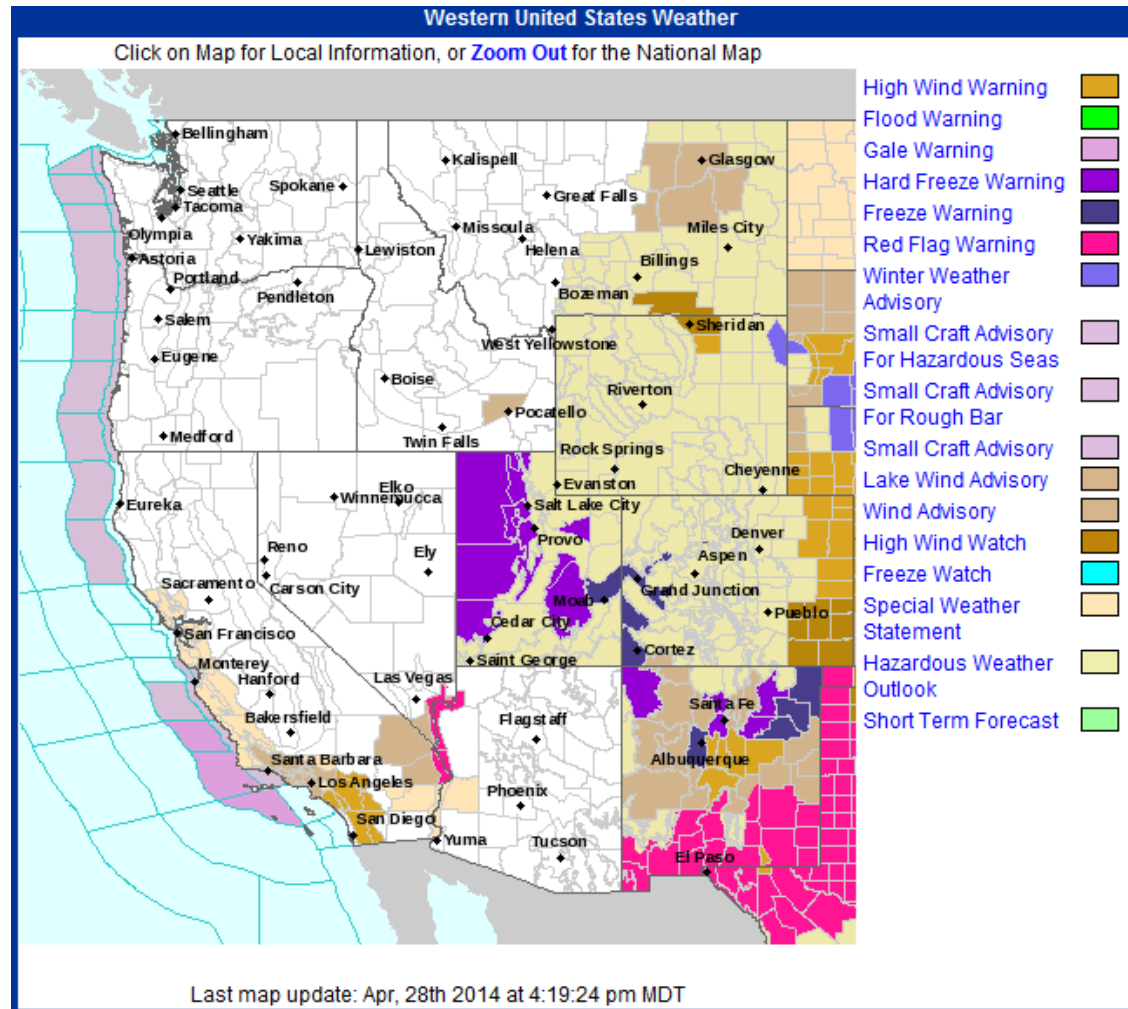

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

High pressure aloft near the West Coast and offshore flow will bring much warmer temperatures with the hottest temperatures through Thursday from just inland of the beaches into the western valleys. The offshore flow will bring periods of strong gusty northeast winds near the coastal foothills and below passes and canyons through Thursday, with weaker winds for Friday. Weak onshore flow will return late Friday and strengthen through the weekend bringing a cooling trend with a return of night and morning coastal low clouds and fog, and gusty west winds in the mountains and deserts.

Southeast California Weather:

A ridge of high pressure will continue to build over the West Coast through Wednesday before sliding inland late this week. This pattern will lead to increasing north winds Tuesday and Wednesday, especially along the Colorado River Valley. Above normal temperatures will return Thursday and continue through the weekend as high pressure holds over the region.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

SIGNIFICANT EVENTS / ACTIVITY

NORTHERN CALIFORNIA

Small Plane Crash, San Pablo Bay, Contra Costa County (Update/Final)

On April 27, 2014, at approximately 1545 hours, a single engine Cessna 210 and a single engine Hawker Sea Fury TMK 20 collided in midair near the Richmond-San Rafael Bridge. The Cessna crashed into the waters of San Pablo Bay and the pilot of the Hawker Sea Fury was able to land safely at Eagle's Nest Airport in Lone, Amador County, at approximately 1640 hours. There was aircraft damage but the Hawker pilot was uninjured. Each aircraft had one person onboard.

- No state assistance has been requested at this time.
- Update 04/28/14: Per USCG, the aircraft has been located, but due to saturation of the search area and exceeding survival time, all searches have been suspended. This is now a recovery mission, and a commercial salvor has been contracted for salvage of the wreckage.
- **This will be the final report on this incident unless circumstances warrant.**

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

****As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

Situational Summary (Cont.)

Information as of 4/28/14

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The most recent snowpack survey, conducted on April 1, recorded California snowpack at 32% of normal. A more recent update using automated devices shows snowpack at 19% of normal as of April 20.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-2814** Santa Cruz Sheriff's Office is requesting ground search and 3 HRD K-9 resources to assist in a cold case search that is scheduled to take place on 5/3/14. The request is for a single HRD K-9. Cal OES LDO has secured the requested resource.
- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for aor evacuation and ground team insertion and extraction training.
- **2014-LAW-2724** Monterey County Sheriff's Department (MCSD) is requesting numerous resources to support the Big Sur International Marathon on 4/25-27/14. Various resources have been requested to include a Cal OES Mobile Interoperability Gateway Unit (MIGU) for communications support, activating California National Guard's 95th CST and personnel, and possible requests for canine support.

CAL OES MISSIONS

Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2722** Travis Fire Emergency Services requesting the 95th CST for the Travis AFB Show 5/3-4/2014.
- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

CAL OES MISSIONS

Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-SOC-2111** Mission is to test the Cascadia Subduction Zone (CSZ) air bridge concept by air transporting 7 passengers from OES and 1 CANG logistics planner on 13 May 2014 from Mather to the State Staging Area (SA) in Redding, to one POD in Del Norte and one POD in Humboldt, to the Redding State SA, and return to Mather. Passengers will discuss actions at the Redding SA and at each OA POD while they are at each location. The air bridge is a critical component to CSZ response and recovery. It is imperative this concept is tested to ensure response teams can be successfully transported into the effected region and the affected Operational Areas' are able to receive aircraft at designated PODs.

Closed Cal OES Missions

- **2014-LAW-2827** Fresno County Sheriff's Office requesting CARDA dogs to assist in the search for a kidnapped child in the city of Huron. Cal OES LDO coordinating resource request. Update 4/28/14, 0822 hours: Missing 3 year old located alive. K-9 resources have been released.
Mission Closed.

CAL OES DEPLOYMENTS

2014-LAW-2724 In support of the Big Sur International Marathon on 4/25-27/14:

- Cal OES Coastal Region Communications Coordinator Jeff Howell deployed 4/24/2014. Cal OES Auxiliary Communications Service (ACS) deployed six volunteers.
- Update 4/27/14 at 1606 hours: All 6 Cal OES ACS volunteers have been released and are returning home from the marathon.
- Mutual Aid Region (MAR)-II ACS along with San Mateo SO are deploying MIGU-2. MAR-V ACS along with Fresno SO will be deploying MIGU-5.
- Cal OES Law Branch Assistant Chiefs Greg Smith and Dennis Smithson will be on site acting as a Law Enforcement Mutual Aid Liaisons Friday through Sunday.
- Update 4/27/14 at 1606 hours: All 6 Cal OES ACS volunteers have been released and are returning home from the marathon.
- Update 4/28/14 at 1852 hours: Cal OES LDO advised mission closed.

UPCOMING EVENTS, TRAINING, EXERCISES

Diablo Canyon Power Plant Full Scale Exercise

Diablo Canyon Power Plant in San Luis Obispo will be hosting a full scale Hostile Action Based FEMA evaluated exercise on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
